- Proficiency with Branching, Merging, Pushing and Cloning from multiple repositories and Branches.

### RELATED EXPERIENCE

---

#### iCardio

Los Angeles, CA

*Software Engineering Intern*

June 2021 – August 2021

- Lead the Ultrasound Transfer project
  - Created Data Pipeline of Ultrasound from partnered business to iCardio.ai platform using Cloud Technologies
  - Anonymized Ultrasounds to remove patient data in compliance with HIPAA protocol
- Worked with AWS server and serverless products including SNS, Lambda and S3 in conjunction to transfer and process Ultrasounds in an efficient manner

#### Spotlight News

Los Angeles, CA

*QA Engineer Intern*

June 2020 – August 2020

- Tested and improved search engine results for the users' "Interests" category.
- Assisted in finding and fixing bugs in the app's UI
- Worked with new clients to set up an RSS feed to add articles to the app.

### PROJECTS

---

CSV Filter, Summer 2021

- Created scripts to filter through client's data stored in CSV format
- Parsed files of inconsistent data to consolidate useful data efficiently

Database Implementations, Fall 2020

- Created an optimized, multithreaded database in Java
- Adhered to crucial Database properties: Atomicity, Consistency, Isolation, Durability (ACID properties)

Data Structures, Spring 2019

- Conceptualized and designed a five-stage storage platform for review by Computer Science Department Chair
- Finalized a small-scale search engine to hold documents for use and lookup

### LEADERSHIP EXPERIENCE

---

#### Scouts BSA

Los Angeles, CA

*Eagle Scout*

May 2016 – August 2019

- Planned, fundraised and executed a project to benefit the community
- Lead a team to create playground equipment for a local school by dividing workload, tracking funds, and solve problems as they came up.

### VOLUNTEER EXPERIENCE

---

#### Etta Israel

Los Angeles, CA

*Caretaker*

June – August 2013 & 2015

- Worked with men and women with disabilities ensuring general health and wellbeing.
